

# MUHAMMAD JAWAD

## ASPIRING PYTHON DEVELOPER | AI ENTHUSIAST

mjawad24680@gmail.com | +92 3318874360 | House SN 262/19, Street 04, Shamsabad, Rawalpindi

### OBJECTIVE

To join your company as a passionate professional eager to solve problems and create new solutions. I'm excited to apply my foundational AI skills and continue growing while learning with the team.

### TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Libraries:** Numpy, Pandas, NLTK
- **Frontend:** Flask, React Native
- **Tools:** VS Code, PyCharm, Git, Jupyter Notebook
- **Concepts:** Machine Learning, Deep Learning, Neural Networks, Natural Language Processing

### SOFT SKILLS

- Excellent Team Work and Communication
- Problem Solving
- Fast Learner

### PROFESSIONAL EXPERIENCE

#### Student Assistant, Computer Science Department

##### Barani Institute of Information Technology

November 2021 - 2025

- Helped students learn programming languages such as C++, Python, and JavaScript
- Developed semester-end team projects, enhancing collaboration and technical skills
- Solved numerous professor-assigned coding tasks, assignments, and quizzes

### PROJECTS

#### AI-Powered Meeting Minutes Application (Final Year Project)

- Developed a React Native app using AI and NLP to record meetings, identify speakers, extract key points with timestamps, and summarize discussions. Streamlined meeting documentation with smart, multilingual features

##### Music Generation

- This project developed in Python using Artificial Neural Network concepts

##### Plagiarism Checker

- This project developed in Python using Natural Language Processing concepts

### EDUCATION

#### BS Computer Science, Specialization in Artificial Intelligence

November 2021 - July 2025

Barani Institute of Information Technology, Affiliated with PMAS Arid Agriculture University, Rawalpindi

- **Major Courses:** React Native, Machine Learning, Deep Learning, Natural Language Processing, Computer Vision, Artificial Neural Network, Object Oriented Programming, Data Structures & Algorithm

#### F.SC (Pre-Engineering)

November 2019 - July 2021

Jinnah Institute, Rawalpindi

- **Major Courses:** Mathematics, Physics, Chemistry
